About

JA in a Day (K-5) is a volunteer-led one-day presentation of JA's traditional elementary programs, where volunteers work in teams to teach financial literacy via games and interactive activities to students in one of the K-5 grade levels. This fun program is designed for volunteer groups and is a great way to encourage team building. Time commitment: 8:15 a.m. to 2:00 p.m.

Junior Achievement of Memphis and the Mid-South has been dedicated to educating students about entrepreneurship, work-readiness, and financial literacy since 1955. Through an extensive offering of experiential, hands-on programs, JA empowers students by helping them discover the tools they need to succeed in today's economy. We have several different ways to get involved and volunteer. Check them out on our [website](#).
